

ARBONNE ESSENTIALS® CALCIUM PLUS

For Targeted Health

No bones about it. This blend of calcium, magnesium and vitamin D contributes to the maintenance of bones and teeth. #2062 

FEATURES

- Blend of calcium, magnesium and vitamin D contributes to the maintenance of normal bones and teeth
- Vitamin D contributes to normal calcium and phosphorus absorption and utilisation
- Supports normal muscle function and neurotransmission through calcium intake
- Formulated with calcium citrate and calcium phosphate
- Gluten free

KEY INGREDIENTS & BENEFITS

- Calcium citrate is more easily absorbed and utilised than calcium carbonate, which is used in competitors' calcium supplements
- Calcium is important for maintenance of normal bones, energy yielding metabolism, and muscle function
- Magnesium contributes to the maintenance of normal bones and protein synthesis
- Vitamin D contributes to normal absorption and utilisation of calcium and phosphorus, and contributes to normal blood calcium levels

HOW TO USE

Take 1 tablet three times a day. Do not exceed the recommended daily intake.

ARBONNE ADVANTAGE

Arbonne Essentials for Targeted Health products are formulated with premium ingredients and latest nutrient technology designed to target specific health and wellness needs. Use the entire Targeted Essentials collection daily to support specific needs such as immune health, bone health and energy.
