

## ARBONNE INTELLIGENCE<sup>®</sup> LIP TREATMENT

For lips that speak the language of youth. The targeted formula features our proprietary ingredient Phytinol<sup>™</sup>, which helps soften the appearance of fine lines on the lips and contours, and supports the skin's natural moisture barrier. Lips feel replenished, hydrated and moisturised. Also enhances the appearance of lip volume and multitasks as a primer for lipstick or gloss. **#4327** 

### FEATURES

- Replenishes moisture to smooth lip texture as well as reduce the look of fine lines and wrinkles on and around the lips
- Deeply hydrates, moisturises and protects the natural moisture barrier to help lips look soft and supple
- Immediately and continuously plumps lips' appearance, restoring a youthful, well defined appearance
- Cream formula absorbs quickly and can be worn alone or as a primer to help extend the wear of lipstick or gloss
- Dermatologist and allergy tested; suitable for all skin types
- Formulated without gluten

### KEY INGREDIENTS & BENEFITS

- Alfalfa (*Medicago sativa*) extract smooths skin's appearance and minimises the look of fine lines
- Chicory (*Cichorium intybus*) root extract protects and supports skin's natural moisture barrier
- Ginger (*Zingiber officinale*) enhances lips' natural pink colour, and delivers the appearance of immediate plumping
- Cocoa (*Theobroma cacao*) butter comforts, softens and nourishes with moisture
- Raspberry (*Rubus idaeus*) seed oil minimises moisture loss by replenishing lip barrier and sealing in moisture
- Cloudberry extract — with omega-3 and omega-6 fatty acids, vitamin C and pectins — softens, conditions and nourishes by moisturising

### CLINICAL INSTRUMENTATION RESULTS

Results are measured by instrumentation and compared to baseline

After 3 days

- 31% measured improvement in lip moisture was shown
- 29% measured improvement in the appearance of lip volume was shown
- 19% measured improvement in the appearance of firmness was shown

Clinical study of 20 participants. Results compared to baseline.

### CLINICAL GRADING RESULTS

Results are measured by expert clinical graders who visually compare skin attributes to baseline

After 3 days

- 17% reduction in the appearance of wrinkles on and around the lips was shown

Clinical study of 20 participants. Results compared to baseline.

### CONSUMER PERCEPTION RESULTS

After 3 days

- 90% said their lips looked more youthful

Clinical study of 20 participants. Results compared to baseline.

### HOW TO USE

Use morning and night as part of your skincare regime. Pat gently all over clean lips and along the lip contour. Use alone or under lipstick or gloss.
